

## Brisk Olive Annual Training Program

This Program aims **to train soldiers, veterans and spouses to help them build amazing second lives** for themselves and their families, in the civilian world.

The reason for veterans struggling in their second lives is not a lack of opportunities. It is their lack of preparedness for their second lives. This is particularly so for taking up second life careers.

Our deeper motive through training soldiers, veterans and spouses is to create a win-win-win for soldiers/spouses, the country and for Brisk Olive:

- **A win for the Country and our Society**, because our society desperately needs the soldierly values of honesty, integrity, discipline, commitment, quality and so on. If soldiers build great second lives, they will use their values to transform the country from the grassroots.
- **A win for Soldiers and Spouses**, because soldiers require earning opportunities, and also need to learn many skills to survive and excel in the civilian world. This program provides them those.
- **A win for Brisk Olive**, as Brisk Olive's mission is to transform the country through the power of the ex-soldiers community, which also helping soldiers and spouses build amazing second lives for themselves.
